MiB and Gantz Waiting Room are looking for a Japanese->English translator willing to work on Desert Punk.

Translator we have will only be able to translate up to volume 13 so volumes 14, 15 and 16 will remain untranslated unless there's someone willing to help. We have editors and raw files but we lack the most important person in a scanlation team, i.e. a translator.

You can contact us by using the links above.
